Management's Responsibility for Financial Reporting

The financial statements of Town of Hafford have been prepared in accordance with Canadian public sector accounting standards established by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants. These statements include certain amounts based on management's estimates and judgments. Management has determined such amounts based on a reasonable basis in order to ensure that the financial statements are presented fairly in all material respects.

The integrity and reliability of Town of Hafford's reporting systems are achieved through the use of formal policies and procedures, the careful selection of employees and an appropriate division of responsibilities. These systems are designed to provide reasonable assurance that the financial information is reliable and accurate.

The Council is responsible for ensuring that management fulfills its responsibility for financial reporting. These responsibilities are fulfilled by the Council through the review the financial information prepared by management and discussion of relevant matters with the external auditors. The Council is responsible for the engagement or re-appointment of the external auditor.

Elizabeth M. Torrens CPA Professional Corporation, an independent auditor, has been appointed by the Municipal Council to audit and express an opinion on the Municipality's financial statements. The external auditor has full and free access to Council and management. The Independent Auditor's Report is addressed to the Council and appears on the following page.

Victoria Moses, Mayor

Devan Shorrock, Acting Administrator

Hafford Saskatchewan

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of Town of Hafford

Opinion

I have audited the financial statements of Town of Hafford (the Town), which comprise the statement of financial position as at December 31, 2024, and the statements of operations, comprehensive income and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Town as at December 31, 2024, and the results of its operations and cash flows for the year then ended in accordance with Canadian accounting standards for private enterprises (ASPE).

Basis for Opinion

I conducted my audit in accordance with Canadian generally accepted auditing standards. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of my report. I am independent of the Town in accordance with ethical requirements that are relevant to my audit of the financial statements in Canada, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with ASPE, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Town's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Town or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Town's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

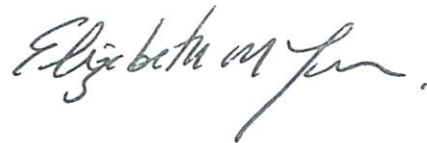

As part of an audit in accordance with Canadian generally accepted auditing standards, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

(continues)

Independent Auditor's Report to the Shareholders of Town of Hafford *(continued)*

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Town's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Town to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

Borden, Saskatchewan

	-	-
Net remeasurement gains (losses) for the year	-	-
Accumulated remeasurement gains(losses) at end of year	-	-

The accompanying notes and schedules are an integral part of these statements.

1. Significant Accounting Policies

The consolidated financial statements of the municipality have been prepared by management in accordance with Canadian public sector accounting standards (PSAS) as recommended by the Chartered Professional Accountants of Canada (CPA Canada). Significant aspects of the accounting policies adopted by the municipality are as follows:

Basis of Accounting: The consolidated financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting requires revenues to be recognized as they become available and measurable and expenses are recognized as they are incurred and measurable as a result of the receipt of goods and services and the creation of a legal obligation to pay.

- a) **Reporting Entity:** The consolidated financial statements consolidate the assets, liabilities and flow of resources of the municipality. The entity is comprised of all of the organizations that are owned or controlled by the municipality and are, therefore, accountable to the Council for the administration of their financial affairs and resources. Entities included in these consolidated financial statements are as follows:

Entity

[Local arena board]

[Local swimming pool]

[For any internally restricted entities, provide a general description of the nature of the internal restriction.]

All inter-organizational transactions and balances have been eliminated.

Partnerships: A partnership represents a contractual arrangement between the municipality and a party or parties outside the reporting entity. The partners have significant, clearly defined common goals, make a financial investment in the partnership, share control of decision making, and share, on an equitable basis, the significant risks and benefits associated with the operations of the partnership. These consolidated financial statements contain the following partnerships:

Partnership # 1 (consolidated %) (2021 – consolidated %) -(proportionate consolidation or modified equity method).

Partnership # 1 (consolidated %) (2021 – consolidated %) -(proportionate consolidation or modified equity method).

All inter-organizational transactions and balances have been eliminated.

- b) **Collection of funds for other authorities:** Collection of funds by the municipality for school boards, municipal hail and conservation and development authorities are collected and remitted in accordance with relevant legislation.
- c) **Government Transfers:** Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or the result of a direct financial return. Government transfers are recognized as revenue in the period that the events giving rise to the transfer occur, providing:
- a) the transfers are authorized
 - b) any eligibility criteria and stipulations have been met; and
 - c) reasonable estimates of the amounts can be made.

Unearned government transfer amounts received will be recorded as deferred revenue until eligibility criteria or stipulations are met.

Earned government transfer amounts not received will be recorded as an amount receivable.

Government transfers to individuals and other entities are recognized as an expense when the transfers are authorized and all eligibility criteria have been met.

- d) **Other (Non-Government Transfer) Contributions:** Unrestricted contributions are recognized as revenue in the year received or in the year the funds are committed to the municipality if the amount can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are contributions for which the contributor has placed restrictions on the use of the resources. Externally restricted contributions are deferred until the resources are used for the purpose specified, at which time the contributions are recognized as revenue. In-kind contributions are recorded at their fair value when they are received.

1. Significant Accounting Policies - continued

- e) **Revenue** - [Revenue source(s)] from transactions with no performance obligations is recognized as revenue [insert the basis for accounting being used and any specific policies applied including timing of recognition for each revenue line item; as well as, whether the revenue stream(s) referenced are recurring or non-recurring in nature].

For Revenue items with related performance obligations:

[Revenue source(s)] is recorded as revenue [insert the basis for accounting being used and any specific policies applied including timing of recognition and related performance obligation for each revenue line item; as well as, whether the revenue stream(s) referenced are recurring in nature.]

E.g.: Contracts are recorded as revenue as the service or contract activity is performed, provided that at the time of performance ultimate collection is reasonably assured. If payment is not received at the time the service or contract activity is performed, accounts receivable will be recorded.

When a single transaction requires the delivery of more than one performance obligation, the revenue recognition criteria are applied to the separately identifiable performance obligations. A performance obligation is considered to be separately identified if the product or service delivered has stand-alone value to that customer and the fair value associated with the product or service can be measured reliably. The amount recognized as revenue for each performance obligation is its fair value in relation to the fair value of the contract as a whole.

For each performance obligation, the municipality must ascertain whether the obligation is satisfied over a period of time, or at a point in time. In order to do this, the characteristics of the underlying goods and/or services must be considered in order to determine when the ultimate performance obligations will be satisfied. If any of the below criteria are met, the revenue must be recognized over a period of time; otherwise, corresponding amounts are to be recognized at a point in time.

- a) The payor simultaneously receives and consumes the benefits provided by the municipality's performance as they fulfil the performance obligation
- b) The municipality's performance creates or enhances an asset (for example, work in progress) that the payor controls or uses as the asset is created or enhanced
- c) The municipality's performance does not create an asset with an alternative use to itself, and the municipality has an enforceable right to payment for performance completed to date
- d) The municipality is expected to continually maintain or support the transferred good or service under the terms of the agreement
- e) The municipality provides the payor with access to a specific good or service under the terms of the agreement

When determining the amounts of revenue to recognize at various stages along the point of time, determinants vary but often include percentage complete.

Deferred Revenue - Fees and charges: Certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred or services performed.

- f) **Local Improvement Charges:** Local improvement projects financed by frontage taxes recognize any prepayment charges as revenue in the period assessed.
- g) **Net Financial Assets:** Net Financial Assets at the end of an accounting period are the net amount of financial assets less liabilities outstanding. Financial assets represent items such as cash and those other assets on hand which could provide resources to discharge existing liabilities or finance future operations. These include realizable assets which are convertible to cash and not intended for consumption in the normal course of operations.
- h) **Non-financial Assets:** Tangible capital and other non-financial assets are accounted for as assets by the government because they can be used to provide government services in future periods. These assets do not normally provide resources to discharge the liabilities of the government unless they are sold.
- i) **Appropriated Reserves:** Reserves are established at the discretion of Council to designate surplus for future operating and capital transactions. Amounts so designated are described on Schedule 8.

1. Significant Accounting Policies - continued

- j) **Property Tax Revenue:** Property tax revenue is based on assessments determined in accordance with Saskatchewan Legislation and the formulas, principles, and rules in the Saskatchewan Assessment Manual. Tax mill rates are established annually by council following the guidance of the Government of Saskatchewan. Tax revenues are recognized when the tax has been authorized by bylaw and the taxable event has occurred. Requisitions operate as a flow through and are excluded from municipal revenue.
- k) **Financial Instruments:** Derivative and equity instruments (or other portfolio investments) that are quoted in an active market are carried at fair value. All other financial instruments are measured at cost/amortized cost; financial assets measured at amortized cost are recognized initially net of transaction costs with interest income recognized using the effective interest rate method. Impairment losses are recognized in the statement of operations when there is an other than temporary decline in value.

[If applicable:

The municipality has elected to measure other specific instruments at fair value, to correspond with how they are evaluated and managed. As follows:

- List any financial instruments elected to be measured at fair value]

Interest and dividends attributable to financial instruments are reported in the statement of operations. Unrealized gains and losses are recognized in the statement of remeasurement gains and losses. When the investment is disposed of the accumulated gains or losses are reclassified to the statement of operations.

[If externally restricted financial instruments exist : When investment income and unrealized gains and losses from changes in the fair value of financial instruments are externally restricted, the investment income and fair value changes are recognized as liabilities until the external restrictions are satisfied.]

Long-term debt:

Long-term debt is initially recognized net of premiums, discounts and transaction costs and is measured at amortized cost with interest expense recognized using the effective interest rate method.

Long-term receivable:

Receivables with terms longer than one year have been classified as other long-term receivables.

Measurement of Financial Instruments:

The municipalities financial assets and liabilities are measured as follows:

<u>Financial Statement line item</u>	<u>Measurement</u>
Cash & Cash Equivalents	<i>[Insert measurement basis; e.g. : Cost and amortized cost]</i>
Investments	<i>[Insert measurement basis; e.g. Fair value and cost/amortized cost]</i>
Other Accounts Receivable	<i>[Insert measurement basis; e.g. : Cost and amortized cost]</i>
Long term receivable	<i>[Insert measurement basis ; e.g. Amortized cost]</i>
Debt Charges Recoverable	<i>[Insert measurement basis ; e.g. Amortized cost]</i>
Bank Indebtedness	<i>[Insert measurement basis ; e.g. Amortized cost]</i>
Accounts payable and accrued liabilities	<i>[Insert measurement basis; e.g. Cost]</i>
Deposit liabilities	<i>[Insert measurement basis; e.g. Cost]</i>
Long-Term Debt	<i>[Insert measurement basis; e.g. Amortized cost]</i>
Derivative Assets and Liabilities	Fair Value

- l) **Inventories:** Inventories of materials and supplies expected to be used by the municipality are valued at the lower of cost or replacement cost. Inventories of land, materials and supplies held for resale are valued at the lower of cost or net realizable value. Cost is determined by the average cost method. Net realizable value is the estimated selling price in the ordinary course of business.

Municipality of Town of Hafford
Notes to the Consolidated Financial Statements
As at December 31, 2024

1. Significant Accounting Policies - continued

- m) **Tangible Capital Assets:** All tangible capital asset acquisitions or betterments made throughout the year are recorded at their acquisition cost. Initial costs for tangible capital assets that were acquired and developed prior to 2009 were obtained via historical cost information or using current fair market values discounted by a relevant deflation factor back to the point of acquisition. Donated tangible capital assets received are recorded at their fair market value at the date of contribution. The cost of these tangible capital assets less any residual value are amortized over the asset's useful life using the straight-line method of amortization. Tangible capital assets that are recognized at a nominal value are disclosed on Schedule 6. The municipality's tangible capital asset useful lives are estimated as follows:

<u>Asset</u>	<u>Useful Life</u>
General Assets	
Land	Indefinite
Land Improvements	5 to 20 Yrs
Buildings	10 to 50 Yrs
Vehicles & Equipment	
Vehicles	5 to 10 Yrs
Machinery and Equipment	5 to 10 Yrs
Leased capital assets	Lease term
Infrastructure Assets	
Infrastructure Assets	30 to 75 Yrs
Water & Sewer	(Insert)
Road Network Assets	(Insert)

[If method other than straight line used the method must be separately disclosed]

Government Contributions: Government contributions for the acquisition of capital assets are reported as capital revenue and do not reduce the cost of the related asset.

Works of Art and Other Unrecognized Assets: Assets that have a historical or cultural significance, which include works of art, monuments and other cultural artifacts are not recognized as tangible capital assets because a reasonable estimate of future benefits associated with this property cannot be made.

[List other unrecognized assets, if any].

Capitalization of Interest: The municipality does *[not]* capitalize interest incurred while a tangible capital asset is under construction.

Leases: All leases are recorded on the consolidated financial statements as either a capital or operating lease. Any lease that transfers substantially all of the benefits and risk associated with the leased asset is classified as a capital leases and recorded as tangible capital assets. At the inception of a capital lease, an asset and a payment obligation are recorded at an amount equal to the lesser of the present value of the minimum lease payments and the asset's fair market value. Assets under capital leases are amortized on a *[amortization method]* basis, over their estimated useful lives *[lease term]* . Any other lease not meeting the before mentioned criteria is classified as an operating lease and rental payments are expensed as incurred.

1. Significant Accounting Policies - continued

- n) **Public Private Partnerships:** Public private partnerships where the municipality procures infrastructure using a private sector partner are accounted for and reported as infrastructure assets on the Statement of Financial Position and are initially recognized at cost. Cost includes the gross amount of consideration given up to acquire, construct, develop or better a tangible capital asset; and all costs directly attributable to the acquisition, construction, development or betterment of the infrastructure asset. Infrastructure assets are amortized over the assets useful life and recognized as an expense in the Statement of Operations. *[Where a performance obligation is recognized, disclose how revenue is being recognized.]*

When the municipality has recognized an infrastructure asset in relation to a public private partnership arrangement and has an obligation to provide consideration to the private sector partner, the municipality recognizes a corresponding infrastructure liability on the Statement of Financial Position. Infrastructure liabilities are initially measured at the same amount as the related infrastructure asset, reduced for any consideration previously provided to the public sector partner. Other consideration attributable to the partnership agreement such as operating and maintenance payments are excluded from the measurement of the liability. Two common models used to measure infrastructure liabilities are the financial liability and user pay models. The financial liability model is utilized when the municipality designs, builds, finances, operates and/or maintains infrastructure in exchange for a contractual right to receive cash or another asset. The reason for this being that the corresponding liability constitutes a financial liability. The user pay model is applicable when the private sector partner designs, buildings, finances, operates and/or maintains the infrastructure in exchange for a right to charge the ultimate end users. This compensation granted by the municipality is facilitated via the granting of rights to earn revenue from a third party. Due to such, the corresponding liability should be classified as a performance obligation.

Key estimation techniques used are as follows; *[insert key estimates made including the basis for such]*. (For reference key estimation techniques may include independent market appraisals, relevant past transactions or quotes generated by other bidders). Key assumptions also include *[insert key assumptions made including the basis for such]*.

[If applicable: If the prescribed discount rates per PS 3160.55-.56 were determined unavailable and an alternative discount rate was used to calculate the finance charge embedded in the financial liability, include an explanation of why the prescribed discount rates were determined to be unavailable : The municipality has utilized a discount rate of [rate] to reflect financing charges that are inherent in existing public private partnerships. The reason that this rate was applied in lieu of the implicit contract rate, weighted cost of capital or [private sector partner]'s cost of capital is [insert reason].]

- o) **Trust Funds:** Funds held in trust for others, under a trust agreement or statute, are not included in the consolidated financial statements as they are not controlled by the municipality. Trust fund activities administered by the municipality are disclosed in Note 18.
- p) **Employee Benefit Plans:** Contributions to the municipality's multiemployer defined benefit plans are expensed when contributions are made. Under the defined benefit plan, the municipality's obligations are limited to their contributions.
- q) **Liability for Contaminated Sites:** Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when all the following criteria are met:
- a) an environmental standard exists;
 - b) contamination exceeds the environmental standard;
 - c) the municipality:
 - i. is directly responsible; or
 - ii. accepts responsibility;
 - d) it is expected that future economic benefits will be given up; and
 - e) a reasonable estimate of the amount can be made.

1. Significant Accounting Policies - continued

- r) **Measurement Uncertainty:** The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures during the period.

Measurement uncertainty impacts the following financial statement areas:

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary.

The measurement of materials and supplies are based on estimates of volume and quality.

The 'Opening Asset costs' of tangible capital assets have been estimated where actual costs were not available.

Amortization is based on the estimated useful lives of tangible capital assets and intangible capital assets.

The liability associated with asset retirement obligations are measured with reference to the best estimate of the amount required. Measurement of financial instruments at fair value and recognition and measurement of impairment of financial instruments requires the use of significant management estimates.

The values associated with the initial recognition and impairment tests of intangible capital assets involve significant estimates and assumptions, including those with respect to future cash inflows and outflows, discount rates and asset lives.

These determinations will affect the amount of amortization expense on intangible capital assets recognized in future periods.

Management assesses impairment by comparing the recoverable amount of an intangible capital asset with its carrying value. The determination of the recoverable amount involves significant estimation by management.

Include if there are materially significant measurement uncertainties associated with revenues:

The municipality is subject to material uncertainties specifically pertaining to [revenue source]. These estimates along with their corresponding assumptions are monitored for continued accuracy on an ongoing basis. Further details regarding these uncertainties have been detailed as applicable below.

[For each uncertainty the nature must be disclosed in conjunction with any applicable amounts or associated timings. Such uncertainty may pertain to identifying performance obligations, determining the transaction price or difficulties defining when the performance obligations are ultimately satisfied. Ultimately the level of detailed needs to be shaped by the usefulness of the information to the user's interpretation of the financial statements].

Include if there are materially significant measurement uncertainties associated with public private partnerships:

The municipality is subject to material uncertainties specifically pertaining to [infrastructure asset / liability]. These estimates along with their corresponding assumptions are monitored for continued accuracy on an ongoing basis. Further details regarding these uncertainties have been detailed as applicable below.

[For each uncertainty the nature must be disclosed in conjunction with any applicable amounts or associated timings. Such uncertainty may pertain to significant terms of the arrangement such as minimum guarantees, renegotiations, repricing, deductions related to non-performance, etc. Ultimately the level of detailed needs to be shaped by the usefulness of the information to the user's interpretation of the financial statements].

These estimates and assumptions are reviewed periodically and, as adjustments become necessary they are reported in earnings in the periods in which they become known.

Municipality of Town of Hafford
Notes to the Consolidated Financial Statements
As at December 31, 2024

1. Significant Accounting Policies - continued

- s) **Basis of Segmentation/Segment Report:** The municipality follows the Public Sector Accounting Board's recommendations requiring financial information to be provided on a segmented basis. Municipal services have been segmented by grouping activities that have similar service objectives (by function). Revenues that are directly related to the costs of the function have been attributed to each segment. Interest is allocated to functions based on the purpose of specific borrowings.

The segments (functions) are as follows:

General Government: Provides for the administration of the municipality.

Protective Services: Comprised of expenses for Police and Fire protection.

Transportation Services: Responsible for the delivery of public works services related to the development and maintenance of roadway systems and street lighting.

Environmental and Public Health: The environmental segment provides waste disposal and other environmental services. The public health segment provides for expenses related to public health services in the municipality.

Planning and Development: Provides for neighbourhood development and sustainability.

Recreation and Culture: Provides for community services through the provision of recreation and leisure services.

Utility Services: Provides for delivery of water, collecting and treating of wastewater and providing collection and disposal of solid waste.

- t) **Budget Information:** Budget information is presented on a basis consistent with that used for actual results. The budget was approved by Council on *[insert approval date]*.

- u) **Assets Held for Sale:** the municipality is committed to selling the asset, the asset is in a condition to be sold, the asset is publicly seen to be for sale, there is an active market for the asset, there is a plan in place for selling the asset and the sale is reasonably anticipated to be completed within one year of the financial statement date.

- v) **Asset Retirement Obligation:** Asset Retirement Obligations represent the legal obligations associated with the retirement of a tangible capital asset that result from its acquisition, construction, development, or normal use. The tangible assets include but not limited to assets in productive use, assets no longer in productive use, leased tangible capital assets.

The liability associated with an asset retirement obligation is measured with reference to the best estimate of the amount required to ultimately remediate the liability at the financial statement date to the extent that all recognition criteria are met. Asset retirement obligations are only recognized when there is a legal obligation for the municipality to incur costs in relation to a specific TCA, when the past transaction or event causing the liability has already occurred, when economic benefits will need to be given up in order to remediate the liability and when a reasonable estimate of such amount can be made. The best estimate of the liability includes all costs directly attributable to the remediation of the asset retirement obligation, based on the most reliable information that is available as at the applicable reporting date. Where cash flows are expected over future periods, the liability is recognized using a present value technique.

When a liability for an asset retirement obligation is initially recognized, a corresponding adjustment to the related tangible capital asset is also recognized. Through the passage of time in subsequent reporting periods, the carrying value of the liability is adjusted to reflect accretion expenses incurred in the current period. This expense ensures that the time value of money is considered when recognizing outstanding liabilities at each reporting date. The capitalized asset retirement cost within tangible capital assets is also simultaneously depreciated on the same basis as the underlying asset to which it relates.

At remediation, the municipality derecognizes the liability that was established. In some circumstances, gains or losses may be incurred upon settlement related to the ongoing measurement of the liability and corresponding estimates that were made and are recognized in the statement of operations.

Municipality of Please Fill in Municipality Name
Notes to the Consolidated Financial Statements
As at December 31, 2024

1. Significant Accounting Policies - continued

w) **Loan Guarantees:** The municipality provides loan guarantees for various (describe) organizations, which are not consolidated as part of the municipality's Statements. As the guarantees represent potential financial commitments for the municipality, these amounts are considered as contingent liabilities and not formally recognized as liabilities until the municipality considers it likely for the borrower to default on its obligation and the amount of the liability can be estimated. The municipality monitors the status of the organizations, loans, and lines of credit annually and in the event that payment by the municipality is likely to occur, a provision will be recognized in the Statements

x) *[Only include this section if applicable; otherwise, remove prior to final presentation.]*

Intangible capital assets: Identifiable intangible capital assets are initially recorded at *[insert basis for measurement]*, less accumulated amortization and any accumulated impairment losses. Purchased intangibles are recognized as non-financial assets in the financial statements.

The carrying value of identifiable intangible capital assets with finite lives are amortized over the asset's useful life.

Asset

Useful Life

[List intangible capital asset and useful life]

1. Significant Accounting Policies - continued

y) **New Accounting Policies Adopted During the Year:**

PS 3400, Revenue, a new standard establishing guidance on how to account for and report on revenue. The standard provides a framework for recognizing, measuring and reporting revenues that arise from transactions that include performance obligations and transactions that do not have performance obligations. Performance obligations are enforceable promises to provide specific goods or services to a specific payer. This section may be applied retroactively or prospectively.

*[Include only one of the relevant transitional provision provided below; i.e.: Retroactive or Prospective. **Provisions not used can be removed for final presentation .]***

PSG-8, Purchased intangibles, provides guidance on accounting for and reporting on purchased intangible capital assets. It provides clarity on the recognition criteria, along with instances of assets that would not meet the definition of such. Application may be made either retroactively or prospectively in accordance with PS 2120 Accounting Changes.

*[Include only one of the relevant transitional provision provided below; i.e.: Retroactive or Prospective. **Provisions not used can be removed for final presentation .]***

PS 3160, Public private partnerships, a new standard establishing guidance on how to account for and report on partnerships between public and private sector entities. Specifically those in which the entity in the public sector procures infrastructure in conjunction with a private sector entity. In these scenarios the private sector entity must have obligations to design, build, acquire or improve existing infrastructure. Furthermore they must also finance the transaction past the point in which the asset is initially ready for use along with operating and/or maintaining such on an ongoing basis. The standard may be applied either retroactively (with or without prior period restatement) or prospectively.

[The provisions provided below are to be inserted above as applicable. Any provisions that are not used can be removed for final presentation.]

Prospective application: During the year, the municipality [changed its accounting policy or adopted a new accounting policy] with respect to *(provide a description and details of the accounting policy)*. The municipality now accounts for such transactions *(describe new accounting policy)*. Prior to this, the municipality accounted for these transactions *(describe old accounting policy/treatment)*. The [change in or adoption of] accounting policy has impacted the municipality's consolidated financial statements as follows: *(describe impact on current amounts)*.

Retroactive with restatement of prior period comparatives: During the year, the municipality [changed its accounting policy or adopted a new accounting policy] with respect to *(provide a description and details of the accounting policy)*. The municipality now accounts for such transactions *(describe new accounting policy)*. Prior to this change, the municipality accounted for these transactions *(describe old accounting policy/treatment)*. The municipality believes the new policy provides a fair presentation of the results and the financial position of the municipality. This [change in or adoption of] policy has been applied retroactively with restatement of prior period comparative amounts. The impact on the municipality's consolidated financial statements is as follows: *(describe impact on current and prior period amounts)*.

(Retroactive with restatement of prior periods, unless the necessary financial data are not reasonably determinable. The liability is measured as of the date it was incurred and the discount rate and assumptions used are those as of the date the legal obligation was incurred.)

Retroactive adjustment of opening accumulated surplus without restatement of prior period comparatives: During the year, the municipality [changed its accounting policy or adopted a new accounting policy] with respect to *(provide a description and details of the accounting policy)*. The municipality now accounts for such transactions *(describe new accounting policy)*. Prior to this, the municipality accounted for these transactions *(describe old accounting policy/treatment)*. The municipality believes the new policy provides a fair presentation of the results and the financial position of the municipality.

(Or state that the effect of the new accounting policy is not reasonably determinable for individual prior periods)

<i>[List if any; e.g.:]</i>					
Derivative liability					
Total financial liabilities carried at fair value		-	-	-	-

For those instruments measured at cost / amortized cost the carrying value approximates the fair value.

Financial instruments are classified as level 1, 2 or 3 for the purposes of describing the basis of the inputs used to measure the fair values of financial instruments in the fair value measurement category, as described below:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets / liabilities;
- Level 2 - Inputs other than those in Level 1, that are either directly or indirectly observable for the assets or liabilities; and
- Level 3 - Inputs that are not based on observable market data (unobservable inputs).

Fair value is determined by *[For each group of financial instrument measured at fair value specify the methods and, when a valuation technique is used, the assumptions (e.g.: prepayment rates, rates of estimated credit losses, interest rates, discount rates) applied in determining fair values for each class of financial assets or financial liabilities. If there has been a change in valuation technique, a government discloses that change and the reasons for making it.]*

	2024	2023
Balance, beginning of the year	\$ -	\$ -
Liabilities incurred		
Liabilities settled		
Accretion expense	-	-
Changes in estimated cash flows		
Estimated total liability	-	-

Landfill

Landfill closure and post-closure care requirements have been defined in accordance with The Environmental Management and Protection Act and include final covering and landscaping of the landfill, pumping of ground water, methane gas and leachate management, and ongoing environmental monitoring, site inspection and maintenance. The reported liability is based on estimates and assumptions with respect to events extending over a *[# of years]*-year period using the best information available to management. Future events may result in significant changes to the estimated total expense, capacity used or total capacity and the estimated liability, and would be recognized prospectively, as a change in estimate, when applicable.

The estimated remaining capacity of the landfill is *[%] – [#]* cubic metres (*prior year - % - [#]* cubic metres) of its total estimated capacity of *[#]* cubic metres and its estimated remaining life is *[#]* years (*prior year – [#]* years). The period for post-closure care is estimated to be *[#]* years (*prior year – [#]*).

The unfunded liability for the landfill will be paid for *[explain how will be financed]*.

Asbestos

[If applicable] The municipality owns a *[asset]* which contains asbestos, and therefore, the municipality is legally required to perform abatement activities upon renovation or demolition of this asset. Abatement activities include handling and disposing of the asbestos in a prescribed manner when it is disturbed. Undiscounted future cash flows expected are an abatement cost in *[year]* of *[\$[value]]*. The estimated total liability of *[\$[amount]]* (Prior year 20X2- *[\$[amount]]*) is based on the sum of discounted future cash flows for abatement activities using a discount rate of *[rate]* % and assuming annual inflation of *[rate]* %. The municipality has (not) designated *funds* for settling the abatement activities.

[Note: the below will need to be completed for significant ARO's that are not included above]

On *[date]*, the municipality *[completed construction of /acquired]* an *[asset name]* that has an estimated useful life of *[number]* years. The municipality is legally required to *[description of the obligation]* at *[the end of its useful life/other applicable time]*. The *[asset/asset category]* is amortized over this period using the *[amortization method]*. In accordance with PS 3280, Asset Retirement Obligations, the municipality recognized the an Asset Retirement Obligation in the amount of *[dollar value, initially discounted future value of the estimated remediation amount]*. This balance was derived from an estimated undiscounted future remediation expenditure of *[amount]*, expected to be incurred in *[number]* of years. The associated discount rate applied was *[number]*%. *[If applicable, revisions to prior estimates associated with AROs should also be disclosed- including the nature, rationale and impact on net income]*. The above table describes all changes to the aforementioned ARO liability.

[In extenuating circumstances only, how any requirements for financial assurance and funding associated with asset retirement obligations, if legally required, are being met must also be disclosed]

[In some circumstances, recoveries may also be applicable. If this is the case, a disclosure of both the nature and amount should be made]

[In extenuating circumstances only:]

As of 31 December 20X4, the municipality is not able to reasonably estimate the ARO for *[the tangible capital asset]*, because of *[reasons]*. This obligation is *[either disclosed or accrued as liability]* in accordance with PS 3200, Liabilities. *[Any other information related to the liability that would contribute to the user's overall understanding of the matter should also be included].*

Municipality of Town of Hafford
Notes to the Consolidated Financial Statements
As at December 31, 2024

13. Liability for Contaminated Sites

The municipality recognizes and estimates a liability of \$31,000 (2023 - \$31,000) for remediation of a former service station location using market reclamation estimate. The nature of the liability is contaminated soil. The assumptions used in estimating the liability include reliance on service company with experience in reclaiming soil in similar locations. There are no estimated recoveries.

[Note: additional disclosure is required of the estimated total undiscounted expenditures and discount rate (when a net present value technique is used), as well as the reason for not recognizing a liability, if appropriate.]

14. Long-Term Debt

[Select one of the following as applicable:]

a) The debt limit of the municipality is \$_____. The debt limit for a municipality is the total amount of the municipality's own source revenues for the preceding year (the *Municipalities Act* section 161(1)).

or

b) The debt limit of the municipality is \$684,899. The debt limit for the municipality has been established by the Saskatchewan Municipal Board (the *Municipalities Act* section 161(2)).

Debenture debt is repayable at *[describe terms including interest rates, repayment dates and amounts, and whether any amount is due on demand]*.

Future principal and interest payments are as follows:

Year	Principal	Interest	Current Year Total	Prior Year Total
2025			-	
2026			-	
2027			-	
2028			-	
2029			-	
Thereafter			-	
Balance	-	-	-	-

Bank loans are repayable *[describe terms including interest rates, repayment dates and amounts, and whether any amount is due on demand]*. The bank loans are secured by a general assignment of property taxes receivable.

Future principal repayments are estimated as follows:

Year	Principal	Interest	Current Year Total	Prior Year Total
2025			-	
2026			-	
2027			-	
2028			-	
2029			-	
Thereafter			-	
Balance	-	-	-	-

Municipality of Town of Hafford
Notes to the Consolidated Financial Statements
As at December 31, 2024

15. Lease Obligations

[Description of capital leases including interest rates, expiry dates and significant conditions of the lease agreements]

Future minimum lease payments under the capital leases together with the balance of the obligation due under the capital leases are as follows:

Year	Payment Amount
2025	-
2026	-
2027	-
2028	-
2029	-
Thereafter	-
Total future minimum lease payments	
	-
Amounts representing interest at a weighted average rate of _____%	
	-
Capital Lease Liability	
	-

The gross amount of leased tangible capital assets is *[\$_____]* and related accumulated amortization is *[\$_____]*.

Amount of amortization included in determination of operating results is *[\$_____]*.

The interest expense related to lease liabilities is *[\$_____]*.

16. Other Non-financial Assets

2024	2023

[List if any]

17. Contingent Liabilities

The following contingent liability amounts are estimates based on the audited financial statements of 16 to 43 Waste Management Corporation as at December 31, 2024.

The Town is contingently liable for its proportionate share of 16 to 43 Waste Management Corporation's loan with Innovation Credit Union. The total loan balance outstanding at December 31, 2024 is \$XXX,XXX [2023 - \$727,077] of which the Town has guaranteed an amount of \$XXX,XXX [2023 - \$152,686] [21%]. The loan is in good standing as of December 31, 2024.

The Town has signed a guarantee on behalf of 16 to 43 Waste Management Corporation's loan with Innovation Credit Union. The total loan balance is \$XXX,XXX [2023 - \$153,711], of which the Town is contingently liable for its proportionate share of \$XX,XXX [2023 -

Additionally, the Town has lent 16-43 Waste Management Corporation funds to support operations. The total loan receivable at the end of 2024 is \$XX,XXX [2022 - \$87,755].

Municipality of Town of Hafford
Notes to the Consolidated Financial Statements
As at December 31, 2024

18. Pension Plan

The municipality is an employer member of the Municipal Employee Pension Plan (MEPP), which is a multiemployer defined benefit pension plan. The Commission of MEPP, representing plan member employers, is responsible for overseeing the management of the pension plan, including investment of assets and administration of benefits. The municipality's pension expense in 2024 was \$12,216. The benefits accrued to the municipality's employees from MEPP are calculated using the following: Pensionable Years of Service, Highest Average Salary, and the plan accrual rate. *[Description of contribution formulae.]*

Total current service contributions by the municipality to the MEPP in 2024 were \$12,216 (2023 - \$13,019). Total current service contributions by the employees of the municipality to the MEPP in 2024 were [\$] (2023 - [\$]).

At December 31, 2023, the MEPP disclosed an actuarial surplus of \$744,391,000.

For further information of the amount of MEPP deficiency/surplus information see: <https://mepp.plannera.ca/fund-information/plan-reporting>

Defined Contribution Plans: The municipality's *[specify applicable employee groups]* participate in a defined contribution pension plan. The municipality's contributions to the plan are expensed when due.

[General description of benefit plans, contribution formulae, and funding policy.]

[Description of significant changes to benefit plans during the period.]

19. Comparative Figures

Prior year comparative figures have been restated to conform to the current year's presentation.

20. Trusts Administered by the Municipality

A summary of trust fund activity by the municipality during the year is as follows:

[Description of Trust i.e. Cemetery]

	Current Year Total	Prior Year Total
Balance - Beginning of Year		
Revenue (<i>Specify</i>)		
Interest revenue		
Expenditure (<i>Specify</i>)		
Balance - End of Year	-	-

Municipality of Town of Hafford

21. Related Parties

The consolidated financial statements include transactions with related parties. The municipality is related to *[list related parties]* under the common control of the Council.

[Select one of the following as applicable:]

Transactions with these related parties are in the normal course of operations and are settled on normal trade terms.

or

[If there are non-arm's length transactions recognized by the municipality at an amount other than normal trade terms during the year use the disclosure below.]

Certain transactions with the following related parties were settled at an amount other than normal trade terms.

[For each related party transaction describe:

- Adequate information about the nature of the relationship with the related parties involved in related party transactions;
 - The type and amount of related party transaction that have been recognized by financial statement category;
 - The basis of measurement used;
 - The amount of outstanding balances and the terms and conditions attached to them;
 - Contractual obligations and/or contingent liabilities with related parties separate from other contractual obligations and contingent liabilities;
 - The types of related party transactions that have occurred for which no amount has been recognized.
- Items of a similar nature should be disclosed in aggregate.]*

22. Contingent Assets

The municipality has the following contingent asset(s) for which the probability of *[future event that would result in the asset(s)]* occurring is likely, resulting in *[describe the nature of the contingent asset]* where the estimated or known assets are, or exceed *[\$]* at December 31 *[current year]* (*[prior year : \$]*). The future receipt of these assets is dependent on *[describe nature of future event that will confirm existence of asset]*. *[When the disclosed amount is based on an estimate, explain basis of estimation]*.

Contingent assets are not recorded in the financial statements.

(or, in cases where the extent cannot be measured or when disclosure of the extent would have an adverse effect on the outcome, consider the following)

The municipality has the following contingent asset(s) for which the probability of *[future event that would result in the asset(s)]* occurring is likely, resulting in *[describe the nature of the contingent asset]*. The future receipt of these assets is dependent on *[describe nature of future event that will confirm existence of asset]*. *[Describe the reason for non-disclosure of the extent of the contingent asset]*.

Contingent assets are not recorded in the financial statements.

23. Contractual Rights

Contractual rights are rights to economic resources arising from contracts or agreements that will result in an asset and revenue in the future. Significant contractual rights of the municipality are as follows:

Contractual Rights Type	Describe Nature Time and Extent	2024	2025	2026	2027	2028	Thereafter	No Fixed Maturity Date	Current Year Total	Prior Year Total
<i>[i.e. future lease revenue]</i>		<i>[\$]</i>	<i>[\$]</i>	<i>[\$]</i>	<i>[\$]</i>	<i>[\$]</i>	<i>[\$]</i>	<i>[\$]</i>	-	<i>[\$]</i>
Contractual Rights 1									-	
Contractual Rights 2									-	
Contractual Rights 3									-

Notes to the Consolidated Financial Statements
As at December 31, 2024

26. Risk Management

Through its financial assets and liabilities, the municipality is exposed to various risks *[include applicable sections below]*.

[If section is not applicable: It is managements opinion that the municipality is not exposed to significant [credit / interest / exchange / liquidity] risks arising from these financial instruments.]

Credit Risk

Credit risk is the risk that one party to a financial instrument will fail to discharge their responsibilities with respect to the financial instrument, and in so doing, cause a loss for the other party. The financial instruments that potentially subject the municipality to credit risk consist of *[financial statement line items impacted, how this risk is mitigated and any changes in exposure to the risk from prior period]*.

The municipalities maximum exposure to credit risk as at December 31 is as follows:

	2024
<i>[Financial instrument class #1]</i>	
<i>[Financial instrument class #2]</i>	
Maximum credit risk exposure	-

The municipality has mitigated its exposure to credit risk on financial instruments through *[description of collateral or other means to reduce credit risk by each class of financial instruments]*. At December 31 the municipality held *[description of collateral received]* with a carrying value of *[insert \$]*. *[insert policy for disposing of collateral assets if the items held are not readily converted to cash .]*

At December 31 the following *[insert financial asset category]* were past due but not impaired:

	30 days	60 days	90 days	Over 120
<i>[Financial instrument class #1]</i>				
<i>[Financial instrument class #2]</i>				
Net total	-	-	-	-

Liquidity Risk

Liquidity risk is the risk that the entity will encounter difficulty in meeting financial obligations as they fall due. The *[municipality]* undertakes regular cash flow analyses to ensure that there are sufficient cash resources to meet all obligations. The financial instruments that potentially subject the municipality to liquidity risk consist of *[financial statement line items impacted and how this risk is mitigated and any changes in exposure to the risk from prior period]*.

The following table outlines the maturity analysis of certain non-derivative and derivative financial liabilities as at December 31:

	Total	2024	2025	2026	Post 2026
<i>[Financial liability - e.g.: non-derivative]</i>					
<i>[Financial liability - e.g.: derivative]</i>					
	-	-	-	-	-

As at December 31, 2024

26. Risk Management continued

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency and other price risk.

Interest Rate Risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate due to changes in market interest rates. The financial instruments that potentially subject the municipality to interest rate risk consist of *[financial statement line items impacted, how this risk is mitigated and any changes in exposure to the risk from prior period]*.

[If applicable: The municipality obtained a loan from [the loaner] in [year] with an interest rate of [%] plus prime rate. Since 2022, with significant inflation occurred, Bank of Canada has increased the prime rate from 2.70% to [current prime rate, 5.45% as of September 2022]. This change has result in an increase on interest payable on [the loan] by [amount] from 31 December 2022 to 31 December 2023, which may also increase the deficiency.

To mitigate this interest rate risk, *[the municipality]* entered into *[a forward rate agreement or future contract]* with *[the bank]* on terms of *[contract terms]*. The income earns from the *[forward/futures contract]* will offset the increase on the interest payable.

[Disclose the purpose for each class of derivatives held by the entity; including how derivatives support managing the nature and extent of interest rate risk].

Sensitivity Analysis of Interest Rate Changes:

	2024	
	1% increase in interest rate	1% decrease in interest rate
Increase (decrease to operating surplus (deficit))		
Increase (decrease to remeasurement gains (losses))		

Currency Risk

Currency risk is the risk that the future cash flows of a financial instrument will fluctuate due to changes in currency fluctuations. *[Disclose reference to purchases in US Dollars that result in exposure to currency risk and how this risk is mitigated]*.

[Disclose the purpose for each class of derivatives held by the entity; including how derivatives support managing the nature and extent of currency risk].

Other Price Risk

Other price risk is the risk that the future cash flows of a financial instrument will fluctuate due to changes in fair value of equity investments. The financial instruments that potentially subject the municipality to other price risk consist of *[financial statement line items impacted and how this risk is mitigated and any changes in exposure to the risk from prior period]*.

Municipality of Please Fill in Municipality Name
Notes to the Consolidated Financial Statements

As at December 31, 2024

27. Public Private Partnerships:

[Only applicable if the municipality has entered into a P3 Partnership]

The [municipality] has entered into a public private partnership with [consider name of party]. Significant terms of the agreement are as follows; *[insert details about the agreement to the extent that they detail the amount, timing and uncertainties associated with future cashflows]*. Under this agreement key rights and obligations of the municipality are *[detail the rights and obligations of the municipality under the agreement]*. Key rights and obligations of [private organization name] are *[detail the rights and obligations of the private sector party under the agreement]*.

An asset has been recognized on the face of the statements in order to account for the *[describe the nature of the asset recognized]*. An infrastructure liability has also been reflected in the statements to account for the *[describe the nature of the liability recognized]*. During the *[current reporting period]*, *[detail any changes in the terms of the agreement that occurred during the reporting period]*.

Required assumptions made pertain to (include as applicable) the basis of recognition, discount rate and *[insert others as applicable]*. *[Insert basis for the underlying assumptions made]*.

[Disclose any other key components of the agreement such as renewal options, termination options, rights to receive assets, access obligations and rights granted to the partner].

28. Revenue

If applicable, disclose collection uncertainties associated with revenues:

The municipality has entered into a contract with [payor] to *[details of contract]*. The municipality does not expect to collect payments contractually owed in the amount of \$[amount].

If applicable, disclose significant concessionary terms associated with revenues:

The municipality has entered into a contract with [payor] to *[details of contract]*. The original amount of the transaction price associated with this contract was \$[amount]. Significant concessionary terms inclusive in this contract are *[insert description of concessionary terms]*.

29. Correction of Prior Period Error

Subsequent to the year ended December 31, 2023, the municipality identified an error in (describe error). Due to this error, the municipality's (describe misstatements that resulted from the error). The prior period comparative amounts have been restated from those previously reported to correct for this error. The correction of this error has impacted the municipality's consolidated financial statements as follows: (describe impact on current and prior period amounts).

30. Subsequent Events

[Describe the nature of the event, and an estimate of the financial effect, or a statement that an estimate cannot be made.]

31. Loan Guarantees

The municipality currently guarantees (describe loan guarantee and policy). The municipality monitors the status of these lines of credit, loans, and the financial position of the organizations. As at December 31, 2024 all loans and lines of credit (are in good standing and no provision has been recorded (2023 – \$nil) or provision of (\$___) has been recorded (2023 – \$). Organizations that have received a guarantee from the municipality also pledged (or not) various assets for security.

In 2024, the municipality provided capital loan guarantees to various organizations amounting to \$_____ (2023 – \$_____). The municipality's guarantees are set to expire between 2025 and 20XX (2023 – 2024 and 20XX).

In 2024, the municipality provided line of credit guarantees that have an aggregate value of \$_____ (2023 – \$_____).
